LEFKAS

Lefkas Marina

Lefkas Marina is located in Lefkas canal, at the side of the main port. The taxi ride from the airport of Preveza to the marina takes about 30 minutes. When mooring, do not use your anchor – there are mooring lines. The first and last day of your stay is free of charge.

Water and electricity on the pier are free of charge. There is a fuel station situated at the South East of the marina. Within the marina there are snack bar/café, several kiosks offering sandwiches and soft drinks. Furthermore you can find many quality taverns, restaurants located within walking distance of the marina. Parking facilities as well as showers are also available. There is a supermarket in the marina and some more within a walking distance of it.

The prevailing wind in this area blows from NW-W at force 3-6B. During your approach to the marina of the main port stay into the separation system (buoys). Keep attention of the shallow water into the strait.

Use **VHF Channel 69** before entering the marina!
